

## **WELCOME TO MOSAIC SCHOOL**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the School to amend a record that they believe is inaccurate or misleading. They should write the School principal [or appropriate official], clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. [Optional] Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

**Family Policy Compliance Office**

U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-4605

## **INSURANCE**

An opportunity is provided at the beginning of the school year to purchase a student insurance policy. This procedure is recommended if a particular family does not have its own medical insurance. Brochures will be sent home with every student explaining the various optional plans.

## **ELASTIC CLAUSE**

The school and administration reserve the right to establish fair and reasonable rules and regulations for things requiring actions that may arise that are not covered in the handbook. In all cases, rules, regulations, and possible consequences shall be as consistent as possible with previously established rules, regulations and possible consequences for similar incidents. Matters omitted from the final list should not be interpreted as a limitation to the scope of the school's authority in dealing with any type of infraction that may not be in the best interest or the safety and welfare of the students of the Mosaic School. The policies and regulations within this handbook apply for all school sponsored activities and transportation, including those held before or after school and those held away from Chippewa Hills Mosaic School.

## **ADMISSION TO MOSAIC SCHOOL**

Chippewa Hills does not discriminate on the basis of race, color, sex, creed, physical disability or ethnic origin in its educational or admission policies in any programs or activities generally available to its students. Mosaic programs are funded and supported by 31-A At-Risk funds; therefore, students who seek admission must be eligible to participate in 31 A programs.

To enroll in school, students must have a parent or legal guardian signature, be emancipated through the court system, or be at least 18 years of age. Upon enrollment, a birth certificate, immunization record, and proof of residency must be provided.

Any student suspended or expelled from any other school, including Chippewa Hills, is not eligible to enroll at Chippewa Hills Mosaic School until his/her penalty has been served. **Admission is then dependent upon screening committee approval.**

Mosaic School is comprised of three educational programs; Junior High, High School, and tuition funded credit recovery program. A screening committee must interview each applicant. The committee makes a recommendation to the director who then makes the final decision regarding student acceptance to the school. Admission requirements for each of these groups are as follows:

### **Multi-Age (7<sup>th</sup>/8<sup>th</sup> grades) Program**

Select students from Chippewa Hills Intermediate School are often referred to Mosaic School primarily on the basis of grades and attendance issues. Parents are sent a letter from either the school administrator and/or counselor recommending that the parents and student visit the Mosaic School and meet with the staff to learn about the program. Together a decision is made as to whether the student will continue his/her education at the Intermediate or transfer to Mosaic. If a student transfers to Mosaic he/she would be expected to complete the school year at Mosaic. He/she may receive a recommendation letter to transfer back to the Intermediate or on to the high school the following school year if he/she were to be successful regarding grades, attendance, and behavior.

### **High School Program**

Students who wish to transfer from Chippewa Hills High School to Mosaic must first meet with his/her counselor to obtain a Petition to Transfer form. The student's counselor, parent/guardian, and the student must sign this form. The form must be submitted to the Chippewa Hills High School Administration. Prior to the beginning of each new marking period Mosaic School staff and Chippewa Hills High School staff will discuss the appropriate placement for students under 20 who are from Chippewa Hills Schools. Each applicant must participate in the interview process and be accepted to the program.

Admission for each program is prioritized based on:

- \*previous enrollment and success at Mosaic School
- \*students from Chippewa Hills School District

### **Credit Recovery Program**

Resident and non-resident high school students who are in their third year of high school may register to take on-line classes on a tuition paid basis. Students who register for the credit recovery program must agree to abide by Mosaic School and Chippewa Hills High School student handbooks. Credit recovery registration forms and details are available in the High School counseling office and Mosaic School office.

### **Special Education**

It may be difficult for most special education students to be successful at Chippewa Hills Mosaic School because of the individual learning structure. Therefore, special education students are encouraged to remain at Chippewa Hills High School. If special education students are admitted, a Teacher Consultant will be available for very limited assistance. According to Federal Law, special education students must have an IEP (Individualized Educational Plan) meeting scheduled prior to admission.

### **Re-entrance into Traditional School Setting or Programs**

If a student wishes to return to Chippewa Hills High School after he/she has entered Mosaic School, he/she must meet the following criteria:

- Student must be on track to graduate
- May not have excessive discipline referrals
- Must submit his/her Petition to Transfer

### **Age of Majority**

Persons who have attained age 18 are recognized as adults as a matter of law. By law, whenever a student has attained 18 years of age, the permission of consent required of and the rights accorded to the parents of the student shall thereafter only be required of and accorded to the student. **Except as noted below, policies and procedures set forth in the student handbook will continue to apply to all students, regardless of their attainment of the age of majority.**

1. Students 18 years and older may have the same privilege as their parents/guardians as it relates to access to their student records.
2. Students 18 years and older may represent themselves during disciplinary conferences and be the addressee for their grade reports. However, a significant legal exception does exist to the privacy rights granted by law to a student who has reached the age of majority. **Current case law clearly allows the school to disregard an adult student's direction not to communicate with their parent/guardian about school related issues if the following conditions hold true.**
  - a. The student is still living with their parent/guardian; and/or
  - b. The student is still being claimed as a dependent on the parent/guardian's federal tax return.
3. Students 18 years and older may sign themselves in and out of school and may verify their own absences. However, the following expectations are attached to this right.

- a. **All student attendance standards continue to apply to students regardless of their age.**
- b. Unless previously arranged through the office, **adult students who sign themselves out during the school day may not return to school for the rest of that day.**
- c. **Adult students who sign themselves out of school early may not take minor students with them.** Certain exceptions may apply but only if prior arrangements have been made with the parent/guardian of the minor student and these arrangements have been verified in a timely fashion with the school office.
- d. **Adult students continue to be bound by established practices and procedures of the school (e.g. closed lunch restrictions, Responsible Thinking Program, Out-of School suspensions, etc)** Adult students cannot use the right to sign themselves out as a way of avoiding responsibilities arising from the exercise of these established practices and procedures.

**Adult students who ignore the above detailed expectations may receive disciplinary action up to and including suspension from school.**

4. Eligible students who wish to assert these rights should register their intent on the appropriate form in the school office. School officials reserve the right to notify an adult student's parent/guardian that this intent form has been completed. Until such time as the student registers this intent, school officials will not apply the above exceptions to school policies and procedures.

## **CURRICULUM**

The Mosaic Multi-Age classroom utilizes the district curriculum guides and is consistent with the Intermediate School. The Mosaic High School curriculum has been systematically developed to meet the needs of nontraditional students. Criteria for each course offered at Mosaic are identified on the course syllabus and are available in the office. These criteria comply with district, state, and federal curriculum guidelines. Evaluation of current education methods, new technology, and the curriculum are ongoing.

### **Course Work Requirements – High School**

The Mosaic School programs are designed to meet the needs of students who can benefit from an alternative form of education and are committed to earning a diploma. Students prove their commitment to the program through their attitude, attendance and the number of credits completed.

The Mosaic Guided Learning and Apex curriculum is individualized which allows for all of the students to work at their own pace. The rate at which course work is completed is entirely up to the student. **However, students are expected to be productive every hour of every day they are in attendance.**

### **Seminar Classes – High School Program**

These sessions will give students a legitimate reason to interact as well as enhance academic learning. Students may be graded on participation, attendance and alternative assessment in place of the traditional assignment sheet+course work.

**Attendance during seminar class is required. If a student exceeds the absence limit of a seminar the student may be required to earn a passing grade for the course and earn 78.5% on a comprehensive final exam/final assessment. Students who do not exceed the absence limit may be entitled to taking an alternate end-of-course assessment.**

Not all seminar classes are offered in an individualized format (ex. Speech). **Students must complete and pass specified courses during seminar or they will not receive credit.** Should a student fail or

neglect to finish a seminar by the allotted date, he/she will have to repeat the entire seminar the next time it is offered, or complete the course in a different format.

### **Testing Out of Classes**

Any high school pupil may take the final examination in any course to receive credit for that class without being enrolled in that class. A grade of 78.5% or better on the final examination, or a C+ performance must be attained to receive credit. Credit earned in this manner is based on a %pass+grade and will not be included in a computation of grade-point-average for any purpose. Students will have one opportunity to take the final examination to test out of each course selected by the student.

Credit earned by testing out will be counted toward fulfillment of a requirement for a subject area course or toward fulfillment of a prerequisite for a higher-level course. A maximum of three (3) credits toward graduation may be earned by testing.

### **GRADING SCALE - HS SEMINAR AND JUNIOR HIGH**

90 . 100 % = A	80 -- 89% = B
70 . 79% = C	60 . 69% = D
	0 - 59% = E

### **Progress Report Periods**

Multi-age students will receive progress reports at minimum at the mid point of each six-week marking period. Multi-age students will receive a report card at the conclusion of each six week marking period. High school students will receive progress reports at the mid point of each seminar course and a final course grade report at the conclusion of each seminar. It is the responsibility of the student to share this information with parents/guardians. Parents/guardians should contact the school if there are any concerns regarding student progress reports or final course grades. High School transcripts will be printed at the conclusion of each trimester. At the conclusion of the school year, transcripts will be mailed to the last address on record for each student who enrolled at Mosaic School during the current school year. Students will have up to two weeks following the end of the school year to challenge grades/credits. After the two-week period, grades and credits will stand as is. It is the responsibility of the parents of students who leave school prior to the end of the school year to notify the office of any change in address prior to the end of the current school year.

### **Assessments**

Periodically, Mosaic School administers a variety of assessments and/or standardized tests to determine student performance and evaluate the effectiveness of our curriculum and instruction. These assessments may cover any or all of the core subject areas. Some assessments occur annually; some are administered in the fall and again in the spring to measure academic growth.

### **Academic Probation**

Students attend Mosaic School by choice. However, no school is right for every child. Occasionally, some students are misplaced at Mosaic. At other times, certain students lack a true motivation for school. Since our classes and the structure of our program are designed to promote success, students with good attendance who demonstrate their õpersonal bestö in their classes should not find themselves on academic probation. Students who repeatedly fail most or all of their classes at Mosaic are either in the wrong school or they lack a commitment to school at this particular time in their lives.

Students who do not make reasonable progress at Mosaic School will be given time to improve. However, they should not be allowed to "take up space" for a long period of time because we often have limited room and a waiting list for enrollment. Therefore, students who are not making adequate academic progress may be required to have a parent meeting at which time the condition of the student's continued enrollment at Mosaic will be discussed and an individual contract may be required at that time.

### Service Learning

Opportunities for students to earn credit for service learning are available at Mosaic School. Service Learning is a method of teaching, learning and reflecting that combines academic classroom curriculum with meaningful service in the community.

### Mecosta-Osceola Career Center

Selected juniors and seniors from Mosaic High School are afforded the opportunity to further their vocational training through the cooperative efforts of the constituent districts of Mecosta-Osceola Intermediate School District.

The center is located on the east side of Big Rapids. Slots are provided in the areas of: Allied Health Technology, Automotive Service/Repair, Building Trades, Child Related Careers, Computer Information Service, Cosmetology, Electricity and Electronics, Food Services, Graphic Communications, Heavy & Compact Equipment Repair, Marketing, Welding and Fabrication and Manufacturing Technology.

### Junior High Promotion Policy

Failing one or two core academic classes results in retention at the current grade level unless an acceptable summer school program is successfully completed. Failing three or four core academic classes will result in retention in the current grade.

### Graduation Candidates

Students who consider themselves to be graduation candidates may attend all informational meetings related to senior activities. However, only those students whose credit status is current with traditional senior status will be allowed to participate in any decision-making regarding senior activities and the graduation ceremony. **All students who wish to participate in the graduation ceremony must have ALL course work successfully completed one PRP prior to the date of graduation. Students who are within two classes of the required graduation requirements may petition to participate in the graduation ceremony. Prior attendance record and work ethic will be considered in all petitions.**

In the event that a student should need to leave school prior to the end of the scheduled school day, a parent must come into the office and sign their student out for the day or send a note with a contact number to verify the necessity of the early departure from school. **Students who leave school without following proper procedures may be suspended and/or dropped from the program.**

Prearranged or extended absences . missing school for vacations, work, etc. -- are strongly discouraged. However, a student may be excused when the parent/guardian feels it is necessary and no other arrangements can be made. Prearranged absences COUNT toward the absence limit. If this time line is met, the student may receive his/her assignments prior to leaving.

1. Mosaic School students who ride a shuttle bus that goes to an elementary school in the morning must stay on the bus and continue on to Mosaic School. Students may not ride the bus to an elementary and then get in a vehicle and continue on to school.
2. Students may not ride in a car or walk to the intermediate school or high school in the afternoon and then attempt to board a bus there. Anyone who leaves Mosaic School in a car or walks at the end of the day must take responsibility for finding their own way all the way home. Each driver and the director have a radio and drivers will be contacted to not allow you on the bus.
3. After school, Mosaic students must stay out of the secondary complex unless the staff has granted prior permission.
4. Students must show appropriate respect for all persons at other district schools.

Building evacuation for other emergencies will be implemented through specific instructions to students through classroom teachers. It is expected that all students will remain silent during any type of a drill or emergency procedure so as to hear instructions from a staff member. If it is necessary to exit the classroom or building, do so in a single file line. Electronic devices are not to be used during emergency procedures.

### **First Aid and Medication Policy**

Emergency first aid will be provided when an accident occurs at school. If a student is too ill to remain in class, he/she will make arrangements to go home. **It is the responsibility of the parent to transport all student medication to and from school in the original prescription or over-the-counter container.** All medication that must be taken during school must be kept in the office. School authorities for any reason may conduct periodic general inspections of lockers and desks without notice, student consent and without search warrant. If a properly conducted search yields illegal or contraband materials, such findings shall be turned over to proper legal authorities for ultimate disposition.

### Gangs

Mosaic has adopted a ~~zero~~ zero tolerance policy towards gangs. **GANG RELATED BEHAVIOR WILL ABSOLUTELY NOT BE ACCEPTED AT MOSAIC SCHOOL.** Such behavior includes but is not limited to any and all hand signaling, cocked or tilted hats, verbal lingo associated with gangs, gang symbols on clothing, the showing of colors, the creation or display of gang related graffiti or artwork on personal items or school property, etc. Discussions about gang membership, behavior, etc. which are not being led by staff as part of their regular school duties is also forbidden.

Violations of this policy will result in mandatory suspension of up to 10 days for the first offense. A second offense will result in an indefinite suspension and a recommendation for dismissal from the school. This is one of the few rules at Mosaic which is not flexible.

### Snow days/Inclement Weather

Mosaic School will follow the same policy as Chippewa Hills Schools for no school due to snow or other weather conditions. If school is cancelled because of bad weather, there will be no classes held for Mosaic School programs. Also, if school is closed early due to bad weather, our students will also be sent home.

### Student Relationships

Students must maintain positive relationships with fellow students that are appropriate for a school setting. **Physical displays of affection are not acceptable.** PDA's are defined as all physical behaviors with sexual overtones. Such behaviors include but are not limited to: kissing, hugging, snuggling, cuddling, standing with bodies touching either front to front or front to back, sitting on laps, draping legs across or around each other, groping, petting, hanging on each other, etc. Other behaviors not listed here may also be determined by the director or designee as inappropriate for school and are also forbidden by this policy. Couples may sit next to each other on the shuttle bus, in class, at lunch, etc., but they may not engage in any sort of PDA while doing so. If it is necessary to address this issue with a couple more than once during the school year, the couple may be given separate assigned seats in class, on the bus, and at lunch. Sexual activity is not permitted on school property or at school activities and will be disciplined according to the student code of conduct.

Student vehicles are subject to random canine searches as well.** The designated parking area for students is the south parking lot. Any student who drives recklessly in the parking area or surrounding school area may be put on probation or have driving privileges revoked and be asked to ride the bus. **CARS WILL BE PARKED DURING SCHOOL HOURS, AND STUDENTS WILL NOT BE ALLOWED TO BE IN OR AROUND CARS DURING CLASSES OR SCHOOL BREAKS WITHOUT PERMISSION FROM STAFF.** Students who knowingly allow their cars to be used to assist others who are ditching school will have their driving privileges revoked. Students who use or make their cars available for use in the violation of our substance abuse policy will have their driving privileges revoked. **Students who transport minors away from school property without following proper procedures may lose their privileges indefinitely.**

### Visitors

All visitors are required to report to the office to obtain a visitor's pass before proceeding into the hallway or classrooms. With the exception of volunteers for pre-approved activities, students may not have friends/relatives visit during the school day. Parents and community members are invited and encouraged to volunteer and/or visit classrooms, however we ask that visits are pre-arranged with the Mosaic School office and the classroom teacher.

### Music Policy

There are people in this world that can do school work while listening to music. We recognize this fact. However, there are also people who need a quiet environment for concentration. The following rules address the needs of both these groups:

1. **The classroom teacher has the final say over whether or not music may be played during class.** When music is allowed the teacher has the final say over the volume and the selection of music that must be appropriate for the school setting.
2. The school cannot insure student property and will not accept responsibility for stolen equipment. Therefore, students are encouraged not to bring such items to school.
3. Students who insist on bringing personal music equipment to school and refuse to cooperate with staff requests regarding its use may have their equipment confiscated by staff. Confiscated equipment may be returned to the student at the director's convenience.
4. Music may not be played either on a stereo or personal headset during direct teacher instruction and/or group discussion.
5. Playing music is a privilege. If this privilege is abused it may be revoked on a case-by-case basis.
6. Students may not use school technology as personal listening devices.

## TECHNOLOGY

### ELECTRONIC COMMUNICATION DEVICES POLICY

In the following guidelines, the acronym ECD refers to students' personal electronic communication devices that are not authorized for use on school grounds during the school day, such as, but not limited to: cell phones, pagers, digital phones/cameras, and Personal Digital Assistants (PDAs).

Using an ECD shall mean: Making or receiving a call, taking/sending/receiving a picture, instant messaging, beaming information, or electronically communicating in any other manner.

1. Students may use an ECD at school during the school day for school purposes. Students may use an ECD as directed by the instructor. Personal use i.e. texting and social media should be limited to before and after school, lunch and passing times.
2. Students may carry ECDs with them during the school day.
3. ECD use in restrooms and locker rooms is prohibited at all times.
4. Students will not be allowed to connect their tablets to any wireless internet connection.
5. Students that participate in extracurricular activities must abide by the ECD use rules determined by the coach, advisor, or sponsor. Coaches, advisors, and sponsors will enforce the consequences involving misuse of these devices during practices, meetings, or competitions.
6. The school district is not responsible for loss, theft, or damage to ECDs. Students are encouraged to leave the devices in secure locations. A school district employee that stores an ECD for a student is not responsible for its loss, theft, or damage.
7. Violation of the policy will result in disciplinary action in accordance with the school building's code of conduct.

Any ECD used or heard during class time and not used for educational purposes will be confiscated. Cameras, including cell phone cameras, shall not be used without specific prior consent from the building principal or his/her designee. Students violating this policy will have items confiscated and will face progressive discipline including up to out-of-school suspension. The building principal or designee shall have the discretion to determine the amount of time the phone will be confiscated, but this shall not exceed thirty (30) days. Students having items confiscated may be prohibited from bringing ECD's to school.

### Computer Use Guidelines:

Any of the following acts or behaviors are violations of the Student Code of Conduct and/or state and federal laws:

1. Any unauthorized use of the school's computers, including, but not limited to: hacking, tampering, physical abuse or vandalism.
2. Unauthorized copying of software from, or to, the network, local hard drives or floppy drives.
3. Viewing, altering or copying student or teacher files, other than viewing or editing one's own files.
4. Use of an assigned password other than one's own.
5. Use or possession of food and/or beverages at a computer station.

### Internet Guidelines – Network User Agreement

Students using school-provided Internet access must first submit the Internet Policy Agreement signed by the student and parent/guardian. On each occasion, students must have the permission of and be supervised by professional staff. Students using school-provided Internet access are responsible for good behavior on-line just as they are in a classroom or other areas of the school. The same general rules for behavior and communications apply.

Users should not expect that files stored on school-based computers are always private. Electronic messages and files stored on school-based computers will be treated as school property just as lockers are. Administrators and staff may review files and messages to maintain system integrity and to insure that users are acting responsibly.

The following uses of school-provided Internet access are not permitted:

1. To access, upload, download, or distribute pornographic, obscene, sexually explicit, or other inappropriate material as determined by the supervising adult.
2. To transmit abusive, obscene, racist, sexually explicit, slanderous or threatening language.
3. To violate any local, state, or federal statute.
4. To vandalize, damage, or disable school equipment or the property of another individual or organization.
5. To access another individual's materials, information, or files without permission.
6. To violate copyright laws or otherwise use the intellectual property of another individual or organization without permission.
7. Purchase of goods or services without parental permission.
8. To participate in a chat room unless authorized by a supervising adult for instructional purposes only.
9. To use the network for any commercial purpose or financial gain.
10. To use the network for political campaigning.
11. To use the network for any advertisement or solicitation without approval from the superintendent.
12. To use electronic mail to send unsolicited, bulk, chain, harassing, anonymous, or other messages, which are commonly considered an annoyance to recipients or degrade system performance.
13. To attempt to access material or sites, which are blocked by the district, or attempt to use the network while access privileges are suspended.

**Refer to the Internet Policy Agreement for further details.**

## DISCIPLINE

### Code of Conduct

The Board of Education generally delegates certain authority to the administrators who are charged with managing the schools and maintaining an environment that is conducive to learning. Principals stand in loco parentis (in place of parents) in school disciplinary relationships with students. This doctrine states that the administrator has rights, duties, and responsibilities of the legal parent in disciplining students for the enforcement of reasonable rules. Generally, in Michigan, the right to suspend is delegated to the principal while the right to expel is retained by the school board. It should be noted that school rules apply to **all** students regardless of age. The difference is, once a student reaches the age of 18, we deal with the student, not the parents.

Students shall conduct themselves in keeping with their level of maturity, acting with due regard for the supervisory authority vested by the board **in all district employees**, for the educational purpose underlying all school activities, for the widely shared use of school property, and for the rights and welfare of other students.

All employees of the district shall share responsibility for supervising the behavior of students and for seeing that they meet the standards of conduct, which have been or may hereafter be established by the board or its agents.

It is difficult to list all the qualities of a good school citizen. In order to give students an idea of what is expected of them, the following guidelines are offered:

1. Students should respect the worth and dignity of each individual and respect the rights of fellow students.
2. Students should respect the rights and responsibilities of all staff members as they perform their duties.
3. Students should observe a code of conduct of all citizens by the use of proper language, etiquette and appearance.
4. Students should understand and adhere to all school policies and be willing to accept the responsibilities that go along with their rights and privileges.
5. Students should attend school on a regular basis and be prompt in arriving at school and to their assigned classes.
6. Students should devote all their energies toward realizing their potential and working to the best of their ability.
7. Students should involve themselves in the total school program and avail themselves of all the school has to offer.
8. Students should exhibit a sense of pride towards their school and exercise proper use and care of its facilities.
9. If you notice destruction or vandalism, quickly report it to a teacher or administrator. Your name will be kept confidential. There could be a reward for the information.

### Time to Teach

Time to Teach will be most effective when staff members interact positively with all students and systematically teach them the expected behaviors and procedures. However, under certain circumstances, a student will not follow the student Code of Conduct outlined above. That student will then be asked to **REFOCUS**. Refocusing involves the student being re-assigned to another classroom for a period of time. This offers the opportunity for the student to remain in school to work on assignments in the school environment where they can benefit most from the presence of their teachers, and reflect on their behavior. At all times, students who are reassigned for refocusing are expected to follow strict rules of conduct as outlined in the handbook. If a student is unable to cooperate while in reassignment, parents will be notified to pick up the student.

### **Harassment**

All students have the right to learn in an environment untainted by all forms of harassment. This handbook defines harassment as inappropriate conduct that is repeated enough to negatively impact a student's educational, physical or emotional well being. This would include harassment based on any of the legally protected characteristics, such as sex, race, color, national origin, religion (etc.) This policy, however is not limited to these legal categories and includes any harassment that would negatively impact students. Examples of harassing activities forbidden by this handbook include but are not limited to stalking; physical, verbal and cyber bullying; name-calling; taunting; GOSSIPING OR MALICIOUS NOTE PASSING; displaying racially charged symbols, (confederate flags, swastikas, etc.) and other disruptive behaviors not specifically outlined here.

This policy strictly forbids student on student harassment, retaliation against any person for complaining about harassment or participating in a harassment investigation, and it forbids intentionally making false harassment reports to get someone in trouble. This policy authorizes disciplinary action up to and including suspension for any student who engages in such behavior.

district on school property, on a school bus or other school vehicle, or at a school-sponsored activity or event.

For the purposes of this policy, ~~physical assault~~ shall be defined as intentionally causing or attempting to cause physical harm to another through force or violence.

#### **Personnel – Verbal Assault**

The Board of Education shall suspend for up to 180 days a student in grade 6 or above who commits a verbal assault against a district employee or against a person engaged as a volunteer or contractor for the district on school property, on a school bus or other school vehicle, or at a school-sponsored activity or event. The Board of Education authorizes the superintendent to suspend for up to ten days on a case-by-case basis.

For the purposes of this policy, ~~verbal assault~~ shall be defined as any willful verbal threat to inflict injury upon another person, under such circumstances, which create a reasonable fear of imminent injury, coupled with the apparent ability to inflict injury.

#### **Students – Assault**

The Board of Education shall suspend up to 180 days a student in grade 6 or above who commits a physical assault against another student on school property, on a school bus or other school vehicle, or at a school-sponsored activity or event.

Teachers/Aides deal with inappropriate behaviors by using various strategies within their classrooms. Some of these strategies might include but are not limited to: parent contact, verbal reprimand, loss of credit of daily work, assigned seating, holding student after class or sending the student out of the class and/or to the office.

Should the behavior continue and/or further action be deemed necessary, teachers may refer a student to the administrator for disciplinary action. Teachers/Aides may also refer students they encounter misbehaving throughout the building during passing time, before or after school, or lunch. The teacher or referring school personnel will complete a conduct referral form. Upon reviewing the referral, the administrator will meet with the student. The administrator will determine if the referral would warrant out-of-school suspension either due to the level of misconduct or number of referrals the student has received. If the referral would warrant an OSS, the administrator may offer the student the opportunity to have a discipline hearing held in student court. The student would then have the right to choose a student court hearing or choose only to deal with the acting administrator.

#### **Behavior Modification Plan Level 2 offenses**

Students who are dismissed to the office for level two offenses will be disciplined according to the following. Students will be required to complete a REFOCUS Plan and write a plan to correct his/her behavior.

2. The student will have the right to present to the school administrator any relevant information that will support his/her defense.
3. If the student is suspended, the administrator will notify the parent/guardian as soon as possible relating the reasons, and the steps necessary to effectuate the student's return.
4. If an out-of-school suspended student is on any Chippewa Hills school property or at any Chippewa Hills school function, the student's suspension may be extended.

The goal of the discipline procedure is to deter students from making poor decisions regarding their behavior. Referred students shall progress through the discipline procedure upon each additional

referral. Misconduct is cumulative, with each consequence more severe than the previous. Students who are unable to adjust their behavior over time could face expulsion.

In case of such misconduct as stated above, both the student and his/her parents or legal guardian will be informed of the offense and conditions of punishment.

### **Removal From the Program**

Students have come to Mosaic School for a variety of reasons. Regardless of why you are here, this may be your last chance at earning a high school diploma from Chippewa Hills School District. It is for this reason that this contract spells out the expectations and consequences for violations of the rules and regulations. These policies are intended to help you become a better person by making you take responsibility for your behavior in a manner that is much more realistic in the world of work or college career life. Students will be given every opportunity to prove their intent to be a successful, responsible participant in the program. Discipline will be progressive in nature.

In the event that school is cancelled on a day(s) that a student is suspended, the cancelled school day(s) does not count as a suspension day(s). The student would serve the suspension the day(s) after school has resumed.

1. Written notice of charges against the student shall be supplied to the student and his/her parent/guardian. Included within this notice shall be a statement of the time and place for the hearing that shall be reasonable for the parties involved.

8. The Board of Education shall state within a reasonable time after the hearing its findings as to whether or not the student charged is guilty of the conduct stated and its decision as to expulsion.
9. The findings of the hearing authority shall be reduced to writing and sent to the student and his/her parent/guardian.
10. The student and his/her parent/guardian shall be made aware of their right to appeal the decision of the hearing authority to the appropriate appellate authority.

### **Due Process Appeal Procedure**

The constitutional rights of individuals assure the protection of due process of law; therefore this system's procedures are developed with regard to the administration of discipline in the schools of Michigan.

1. Disciplinary authority shall be exercised with reasonableness and fairness.
2. Every effort shall be made by administrators and faculty members to resolve problems through use of school district resources in cooperation with the student and his/her parent/guardian.
3. Students must be given an opportunity for a hearing with the appropriate school administrator if they or their parent/guardian indicates the desire for one. A hearing shall be held to allow the student and parent/guardian to contest the facts which may lead to disciplinary action, or to contest the appropriateness of the sanction imposed by a disciplinary authority, or if the student and parent/guardian allege prejudice or unfairness.
4. If the parent/guardian is dissatisfied with this action, they may appeal to the principal to review the decision.
5. If the suspended student's parent/guardian is dissatisfied with the administrative action, they may request a review of the action by the superintendent or his/her designee (not from the administration of the school in question).

### **Discipline of Students with Disabilities**

The discipline of students with disabilities shall be conducted in accordance with IDEA, Section 504, and State guidelines.

### **WITHDRAWAL FROM SCHOOL**

Any student who withdraws from school, transfers to another school district, or is dropped during the school year must secure a withdrawal form from the school and proceed as follows:

1. Return all textbooks and school materials to the person who issued them and be credited for each item.
2. Pay all fines and school obligations along with returning all library books, equipment and school issued property.
3. Clean out hall locker assigned and have it approved.
4. Leave new address at the office, if known.
5. Have complete form signed by director.

Any student who drops out-of-school prior to the end of a trimester will be marked "**dropped**" on school records and will receive no credit for any incomplete class(es) for the trimester.

### **CHILD ABUSE/NEGLECT**

Schools and other institutions shall cooperate with the Family Independence Agency department during an investigation of a report of child abuse or neglect. Cooperation includes allowing access to the child without parental consent if access is necessary to complete the investigation or to prevent abuse or neglect of the child. However, the department shall notify the person responsible for the child's health or welfare about the department's contact with the child at the time or as soon afterward as the person can ensure the safety of the child or child's siblings or the integrity of the investigation, but only for the time those conditions exist. If the department has contact with a child in a school, all of the following apply:

- A. Before contact with the child, the department investigator shall review with the designated school staff person the department's responsibilities under this act and the investigation procedure.
- B. After contact with the child, the department investigator shall meet with the designated school staff person and the child about the response the department will take as a result of contact with the child. The department may also meet with the designated school staff person without the child present and share additional information the investigator determines may be shared subject to the confidentiality provisions of this act.
- C. Lack of cooperation by the school does not relieve or prevent the department from proceeding with its responsibilities under this act.

### **PARENT INVOLVEMENT**

We invite parents and volunteers to be actively involved with Mosaic School. Upon registration, each student receives a Parent Volunteer Opportunities form. We encourage parents to fill out and return the form to our office. This information is entered into a database and shared with Mosaic Staff members who may then call upon volunteers for various activities. Parents/volunteers may also make arrangements with the office to volunteer in our school. Volunteer opportunities include, but are not limited to: textbook inventory, field trip chaperone, fund raising, office work such as filing, copies, etc., bulletin boards, mentoring, tutoring, textbook/test reader, guest speaker, and school improvement team. All volunteers are subject to mandatory background check.

I am requesting that Chippewa Hills Mosaic School display in Mosaic School a visual of my progress toward reaching my goal of graduation. This may be in the form of graphs or charts. I understand that this visual will in no way reflect my grades or overall GPA. The purpose of the charts/graphs is so that I may on a daily basis visualize my goal and overall progress toward reaching that goal.
