## **---Information regarding instructional delivery through January 3, 2021---**

Chippewa Hills School District will be moving to a fully virtual program through January 3, 2021, beginning November 16, 2020. All students will continue to be provided virtual instruction from their teachers through google classroom and given additional assistance through personnel supports as needed. It is critical that students stay engaged in the learning process during this time period putting in adequate time and effort into the associated work. Disengagement during this time will only prove to be harmful to students and detrimental to their overall learning. Please ask the appropriate help when needed and schedule daily educational times to maximize learning opportunities.

This decision is being made due to the large increases in COVID-19 cases in our nation, state and local communities. While the initial spread of COVID-19 is fairly limited in the school setting itself, the impact from outside activities and gatherings is having a negative result on our ability to maintain normal teaching protocols. We closed our buildings this past time due to adult shortages, which continues to be a problem. The concept of opening and closing multiple times is difficult for families to plan around and hard work for both students and staff as they have to constantly adapt to new expectations. It is our hope that sticking with one approach for this time period will increase engagement, improve interventions and net higher student achievement. We know that this is not the best plan for some and we are asking you and your child to reach out for additional support so that we can make this a positive experience that benefits your child while keeping them safe.

Students, staff and families will want some immediate answers, please wait for us to put adequate responses together so that you receive the most accurate information when available. We will do all we can to make this the best possible situation under the circumstances we are given to keep Chippewa Hills, even virtually, the best place to learn, work and live. Thank you for supporting our efforts to continually support you, our Warrior families.

Bob Grover, Superintendent
