

September 19, 2022

Dear Parents,

I am sending home the beginning of the year testing results. You will see one report that shows you where your child is for their fluency. The other is a RIT score on how they scored on NWEA testing in reading and math.

I highlighted your child's score. You can also see your child's NWEA scores since kindergarten as how they have progressed. If you have questions or are not sure about these reports please feel free to contact me.

Math

We have been busy learning rounding, subtracting and adding larger numbers. Many students are needing to be reminded on how to borrow but are picking back up on it with practice.

Writing

We are writing personal narratives and working through the writing process. I am excited to have the students share their stories with you after we have completed the final copy which should be in the next week or so.

Social Studies/Science

We started Science and Social Studies last week. The students go to Mr. Palmer's room for Social Studies twice a week. Please ask them to see what exciting things they are doing in both these subjects!

Spelling

The students will have a spelling test **EVERY FRIDAY** unless for some reason we have shorter weeks. Please look for their spelling words to come home. This week the pattern is long i. We have already had two spelling tests.

Reading

We are focused on finding text evidence in our reading. We also are looking at different ways authors organize text. This week's story focuses on problems and solutions.

Grammar

We are learning about compound subjects, predicates and compound sentences.

All my newsletters are posted to the Chippewa Hills website under Weidman Elementary/Weidman Links/Staff Newsletters. Please do not hesitate if you have any questions or concerns. Have a great week.

Respectfully,
Mrs. Suman
